**Dear Sir/Madam**

I am writing in response to your looking for **Web Developer**.

It appears that my professional qualification and career interest very much in line with your requirement. I am now writing to apply this position. I think it is strongly compatible with my skill and experiences.

As you will see from the enclosed CV, I'm majoring Computer Science at National Institute of Posts, Telecoms & ICT (NIPTICT).

I used to work on school project called NIPTICT Research on Web Development using Laravel, I'm also a former content writer on a technology news website called Cambonext Tech.

Although, I've completely successful with some courses such as programming at Computer Academy STEP Cambodia and Internet of Things at ArrowDot known as Bootcamp called Power Up that was supported and funded by USAID.

I do hope that you will consider my submission with your favor. In advance thank you very much for your time and any consideration or support you will give me.

I am looking forward to hearing from you at your earliest convenience.

Faithfully
